PROFILE

I am a motivated and passionate learner seeking an internship opportunity to apply my knowledge and skills in a dynamic, growth-oriented environment. Having developed a strong foundation in UI/UX design and frontend development, I am eager to contribute to real-world projects while expanding my technical and problem-solving abilities.

I am looking for an organization where I can leverage these skills and continue learning while contributing to meaningful projects.

EDUCATION

Yaba College of Technology
2014 - 2017
ND in Computer Science

University of Lagos
2017 - 2021
Bachelor of Science, Computer Science

WORK EXPERIENCE

Frontend Developement

Freelance / Personal

Duration: [January 2023 - Present]

- E-Commerce Website
- Designed and developed a fully functional e-commerce website featuring product listings, shopping carts, and responsive layouts to enhance user experience.
- Movie App Development
- Built a dynamic movie app utilizing APIs to fetch and display movie data, implementing interactive features like search and filtering for seamless usability.
- AXA Mansard Website Clone
- Recreated the AXA Mansard website to strengthen frontend development skills and understand the structure and functionality of corporate websites.
- Netflix Clone

- Replicated the Netflix website as a personal project, emphasizing UI/UX design and dynamic data integration to refine development expertise.
- Styling & Frameworks
- Mastered SCSS for creating modular, reusable stylesheets and Tailwind CSS for efficient utility-first design.
- Utilized Framer to prototype interactive designs and GSAP for smooth animations, enhancing user engagement.
- Version Control & Collaboration
- Used Git and GitHub to manage code versions, collaborate effectively, and streamline project workflows.
- Web Deployment
- Deployed web applications on platforms like Vercel, ensuring production readiness, troubleshooting build issues, and maintaining seamless online performance.

UI/UX Designer
Freelance

Duration: 2023
- Designed the user interface and experience for an e-learning website, focusing on intuitive navigation and user engagement.
- Created wireframes and prototypes for a Craft Village mobile app, tailored to the organization's vision and end-user needs.
- Applied user-centered design principles to develop responsive layouts for web and mobile applications.
- Developed interactive prototypes using Framer, validating design ideas and ensuring alignment with project goals.

Technologies and Tools Used:

Figma, Design Systems, Responsive Design Principles

CERTIFICATIONS

Û React Js Crash Course

Û UI/UX Design

in UI/UX Research and Survey Methodology
